OBJECTIVES AND INVESTMENT POLICY

Investment Objective

The Sub-Fund's objective is to seek to generate attractive risk-adjusted returns primarily by investing in and managing dynamically a portfolio of European and US debt securities on a long-only and liquid basis.

Investment Policy

To achieve its objective, the Sub-Fund identifies attractive risk-adjusted investment opportunities by focusing on the fundamental credit quality of debt securities.

The Investment Manager seeks to optimise returns through a careful asset allocation and a dynamic management of the portfolio taking into consideration default risk, price risk and other possible risks.

The Sub-Fund seeks to achieve its investment objective by investing primarily in collateralised loan obligations, asset-backed securities and corporate bonds on a long-only and liquid basis.

The Sub-Fund will invest up to 100% of its Net Asset Value in asset-backed securities and/or collateralised loan obligations.

The categories of asset-backed securities other than collateralised loan obligations in which the Sub-Fund may invest include prime residential mortgage-backed securities, buy to let mortgage-backed securities, commercial mortgage-backed securities, securitisations of car receivables, credit card receivables and student loans.

The underlying credit exposure of the Fair Oaks Fund is restricted to European and U.S. assets. The Sub-Fund shall not invest in emerging markets assets.

The Investment Manager is able to pursue investment opportunities in corporate bonds and collateralised loan obligations, backed by corporate debt, as well as in all categories of asset-backed securities without allocation constraints.

The Sub-Fund may only invest in debt securities that have a credit rating. All of the Sub-fund's portfolio must be invested in cash and debt securities with an investment grade rating. The Sub-fund may not purchase securities with a long-term rating below BBB- (or equivalent).

The Sub-Fund may invest up to a maximum of 50% of its portfolio in financial derivative instruments (including, without limitation, credit default swaps that reference European and U.S. corporate issuers or corporate debt indices) and up to a maximum of 10% of its portfolio in exchange traded funds for investment purposes.

The Sub-Fund may invest in financial derivative instruments including, without limitation, currency forwards and options and interest rate futures to hedge exposure.

The Investment Manager seeks to promote environmental and social characteristics within the meaning of Article 8 SFDR.

RISK AND REWARD PROFILE

Risk Disclaimer

The risk and reward indicator illustrates where the sub-fund is positioned in terms of its possible risk and reward. The higher the sub-fund's position on this scale, the greater the possible reward, but also the greater the risk of losing money. Even if the sub-fund is in the lowest risk class you can lose money as no investments are entirely risk free. The risk indicator is calculated using historical data and therefore cannot be used as a prediction for the future. The risk classification may change over time.

Why is this Sub-Fund in this category?

The sub-fund is subject to a medium level of risk being linked to typical risks of securities markets, such as the macro-economic trends at global

level, the level of inflation and interest rates, the evolution of corporate income, the issuers' stability and currency fluctuations. At this time, the level of the risk and reward profile is equal to 4.

Not all risks affecting the sub-fund are adequately captured by the synthetic risk indicator. The following risks may affect the sub-fund:

Operational risk - That may occur due to technical issues for example natural disasters and fraud.

Credit default risks - The sub-fund invests in debt securities which are subject to the credit default risk of the issuers of the debt.

Interest rate risk - Interest rate risk refers to the risk of the market value of a bond or corporate debt changing in value due to changes in the structure or level of interest rates or credit spreads or risk premiums.

Full details of all risks the sub-fund is exposed to are provided in the Prospectus.
